

OpcClassicEndpointDescription Members

Namespace: Opc.UaFx.Classic

Assemblies: Opc.UaFx.Advanced.dll, Opc.UaFx.Advanced.dll

The [OpcClassicEndpointDescription](#) type exposes the following members.

Constructors

OpcClassicEndpointDescription(OpcClassicApplicationDescription, OpcClassicInterface, IEnumerable<OpcClassicInterface>)

C#

```
public OpcClassicEndpointDescription(OpcClassicApplicationDescription server,
OpcClassicInterface interfaceSpecification, IEnumerable<OpcClassicInterface>
additionalInterfaceSpecifications)
```

Parameters

server [OpcClassicApplicationDescription](#)

interfaceSpecification [OpcClassicInterface](#)

additionalInterfaceSpecifications [IEnumerable<OpcClassicInterface>](#)

Exceptions

[ArgumentNullException](#)

OpcClassicEndpointDescription(OpcClassicApplicationDescription, OpcClassicInterface, OpcClassicInterface[])

C#

```
public OpcClassicEndpointDescription(OpcClassicApplicationDescription server,
OpcClassicInterface interfaceSpecification, params OpcClassicInterface[]
additionalInterfaceSpecifications)
```

Parameters

server [OpcClassicApplicationDescription](#)

interfaceSpecification [OpcClassicInterface](#)

additionalInterfaceSpecifications [OpcClassicInterface\[\]](#)

Exceptions

[ArgumentNullException](#)

OpcClassicEndpointDescription(String, OpcClassicInterface, IEnumerable<OpcClassicInterface>)

C#

```
public OpcClassicEndpointDescription(string url, OpcClassicInterface interfaceSpecification,
IEnumerable<OpcClassicInterface> additionalInterfaceSpecifications)
```

Parameters

url [String](#)

interfaceSpecification [OpcClassicInterface](#)

additionalInterfaceSpecifications [IEnumerable<OpcClassicInterface>](#)

Exceptions

[ArgumentNullException](#)

OpcClassicEndpointDescription(String, OpcClassicInterface, OpcClassicInterface[])

C#

```
public OpcClassicEndpointDescription(string url, OpcClassicInterface interfaceSpecification,
params OpcClassicInterface[] additionalInterfaceSpecifications)
```

Parameters

url String

interfaceSpecification OpcClassicInterface

additionalInterfaceSpecifications OpcClassicInterface[]

Exceptions

ArgumentNullException

OpcClassicEndpointDescription(Uri, OpcClassicInterface, IEnumerable<OpcClassicInterface>)

C#

```
public OpcClassicEndpointDescription(Uri url, OpcClassicInterface interfaceSpecification,
IEnumerable<OpcClassicInterface> additionalInterfaceSpecifications)
```

Parameters

url Uri

interfaceSpecification OpcClassicInterface

additionalInterfaceSpecifications IEnumerable<OpcClassicInterface>

Exceptions

ArgumentNullException

OpcClassicEndpointDescription(Uri, OpcClassicInterface, OpcClassicInterface[])

C#

```
public OpcClassicEndpointDescription(Uri url, OpcClassicInterface interfaceSpecification,
params OpcClassicInterface[] additionalInterfaceSpecifications)
```

Parameters

url Uri

interfaceSpecification OpcClassicInterface

additionalInterfaceSpecifications OpcClassicInterface[]

Exceptions

ArgumentNullException

Properties

Interfaces

C#

```
public OpcClassicInterfaceCollection Interfaces { get; }
```

Property Value

OpcClassicInterfaceCollection

Locales

C#

```
public OpcLocaleCollection Locales { get; }
```

Property Value

OpcLocaleCollection

Server

C#

```
public OpcClassicApplicationDescription Server { get; }
```

Property Value

OpcClassicApplicationDescription

Url

C#

```
public Uri Url { get; }
```

Property Value

Uri
