

IOpcApplication Members

Namespace: Opc.UaFx

Assemblies: Opc.UaFx.Advanced.dll, Opc.UaFx.Advanced.dll

The [IOpcApplication](#) interface defines the following members.

Events

Exited

C#

```
event EventHandler Exited
```

Exiting

C#

```
event EventHandler Exiting
```

Started

C#

```
event EventHandler Started
```

Starting

C#

```
event EventHandler Starting
```

Properties

Configuration

C#

```
OpcApplicationConfiguration Configuration { get; }
```

Property Value

[OpcApplicationConfiguration](#)

ProductCompany

C#

```
string ProductCompany { get; }
```

Property Value

String

ProductName

C#

```
string ProductName { get; }
```

Property Value

String

ProductVersion

C#

```
Version ProductVersion { get; }
```

Property Value

Version

Methods

Exit()

C#

```
void Exit()
```

Run()

C#

```
void Run()
```
